

ARC-1328WPBT In Wall Amplifier Wallplate With Bluetooth

CLASS D AUDIO AMPLIFIER WALL PLATE WITH BUILT-IN BLUETOOTH

Use the ARC1328WPBT to power in-ceiling speakers with the audio from any Bluetooth enabled device, or other source device such as computers, DVD players, and TVs! Creates a neat, clean solution for permanent audio installations that makes it perfect for entertaining areas, and even bedrooms

Perfect for upgrading existing wallplate amp modules with its rear/in-wall power and audio connections! Add Bluetooth to your existing multi-room local input amp.

The unique Decora-style wallplate design ensures a professional and clean installation without the need to loose or extra 'boxes' lying around! Great for indoor/outdoor speaker systems where simple and discrete convenience is paramount.

Ideal for use with:

- Mobile devices with Bluetooth audio
- DVD players
- TV's
- Indoor/Outdoor Speakers
- In-ceiling/in-wall Speakers

Model: ARC-1328WPBT

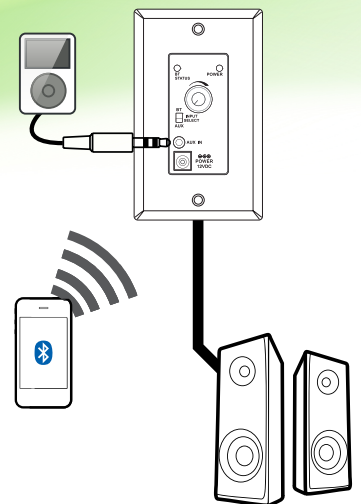

Order Code: ARC-1328WPBT

Warranty: 12 months

Package contents:

- Bluetooth Wall Plate
- User Quick Start Guide
- Power Supply

Simple Connection

Send music from any Bluetooth enabled media device, phone, PC, or tablet. Alternatively, connect any audio player via the standard 3.5mm audio jack and alternate between Bluetooth or AUX with the flick of a switch.

The PRO1351 is amplified— so it connects straight to your speakers!

Also Available

Non wall-plate version— ideal for installing where volume control is not intended to be adjusted by end-users!
